Why Buy NuBag Range

VersaCare

Designed to provide space saving answers in super strong but smaller sizes.

Twin waste, twin linen and twin laundry modules have always been the most popular in commercial establishments. Due to the dual end design in the NuBag range, twin split modules are also possible, incorporating waste and laundry, laundry and linen or waste and linen.

The heavy-duty Structofoam is built to last and resistant to scratches, with non-marking buffers and soft-ride castors for easy movement.

Engineered from the highest quality recycled plastic, using environmentally sustainable ReFlo Technology, the NuBag Range benefits from unique heavy-duty Structofoam construction, using co-polymer grade material, making it tough, chemical-resistant, easy to clean and built to last.

NB320R

SAX120PR
A compact mobile 120L waste lidded trolley.

NSX240R
A compact mobile twin 120L waste trolley, fully lidded providing excellent capacity for normal waste collection and disposal.

LLT200R
Structofoam chassis and lidded superstructure, designed to take two full 100L washable linen laundry bags. Bags can be easily colour-coded.

NBT200R
There are many applications where 2 x 100L bags are required, especially within the hotel and care-home environment.

NB3002R / AT
For large laundry volumes with a 200L and 100L bag (300L). In addition, 2 x 100L bag extensions can be added, providing up to 500L in 4 detachable bags.

NB320R
Integrated laundry bag coverall conceals dirty laundry in the large 200L washable linen bag. A jockey wheel beneath the 120L end waste unit adds stability and supports the increased load capacity.

Specifications

Model	Bag Capacity	Castors	Dimensions (WxLxH)
NSX240R	2 x 120L	4 x 75mm	580x780x965mm
LLT200R	2 x 100L		
SAX120PR	1 x 120L		665x500x910mm
NBT200R	2 x 100L		580x780x860mm
NB3002R	1 x 100L + 1 x 200L	4 x 200mm	665x1110x1115mm
NB320R	1 x 120L + 1 x 200L	4 x 125mm + 1 x 100mm Jockey Wheel	580x1360x985mm
