Why Buy PPR170 HEPA ReFlo

A professional, tough and versatile workhorse, the PPR170 HEPA ReFlo is packed full of innovative features.

The perfect all-rounder with a super long-reach, 12.5m rewind cable rewind system allows for simple cable replacement if needed.

Its 3-stage HEPA filtration delivers certified operational performance down to 0.3 microns, helping capture fine particles without compromising power or airflow. Conforming to BS EN ISO 14644-1 Class 5 cleanroom standards, the PPR170 HEPA ReFlo is ideally suited to environments where enhanced hygiene and air quality are critical.

Enhanced Sustainability

Certified by SCS to contain a minimum of 23% recycled plastic*, using our innovative ReFlo Technology to reduce virgin plastic use without compromising on durability or performance.

ReFlo Technology uses high-quality recycled post-industrial and post-consumer plastics across the Numatic range.

Key Features & Benefits

Works Harder

High-efficiency TriTex filtration, a multi-surface ProFlo floor tool, a 12.5m hi-vis cable and a durable stainless steel tube set combine for reliable, professional results.

Lasts Longer

Engineered for the long haul, with robust commercial-grade construction and a motor designed and tested beyond industry standards, backed by a 3-Year Commercial Warranty.

Built Smarter

Certified by SCS to contain a minimum 23% recycled plastic*, including all accessories.

Compact & Convenient

The extra-reach 12.5m cable, trouble-free rewind and on-board tool storage make day-to-day cleaning faster, easier and more organised

Advanced Filtration

Certified HEPA13 filtration captures particles down to 0.3 microns at 99.97% efficiency for cleaner, healthier environments

Cleanroom Specification

Conforming to the internationally recognised ISO Class 5 cleanroom filtration classification.

Handy Cable Replacement

The NuCable system allows quick, straightforward cable changes, helping minimise downtime if the cable is damaged during use.

Product Features

Powerful Motor

Tested for a minimum of 1600 hours' continuous life, delivering powerful, efficient and long-life cleaning performance.

HEPA13 Filter Cartridge

Certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency.

TriTex Filter

Traps fine dust within its high-efficiency, triple-layer membrane.

HepaFlo Filter Bag

3-layers of high-efficiency filter material and a unique self-seal tab to trap and retain fine dust during vacuuming and emptying.

Built to Last

Tested beyond industry standards and made using the highest quality recycled plastic, delivering performance you can trust from the UK's No.1 Commercial Vacuum Manufacturer.

Specifications

7.2L Capacity	620W Motor	8.1KG Weight
Power 230V AC 50/60Hz		Power Cord 12.5m
Suction H ₂ O 2300mm		Cleaning Range 31.4m
Dimensions (WxLxH) 360x370x390mm		Kit AS0

Core Unit Only - Minimum 67% Recycled Plastic
