Why Buy EPR170 HEPA

CleanCare

Built for professional performance, the EPR170 HEPA is a tough, versatile vacuum packed with smart, time-saving features.

Its extra-long 12.5m rewind cable delivers outstanding reach, while the plugged rewind system makes cable replacement quick and easy when needed.

Equipped with an advanced 3-stage HEPA13 filtration system, the EPR170 HEPA traps particles up to 800 times smaller in width than a human hair, including common allergy triggers such as pollen, pet dander and dust mites.

Powered by our highest-efficiency motor, the EPR170 HEPA delivers a 30% reducing in energy consumption while still providing the high-performance cleaning professionals expect.

Enhanced Sustainability

Made using SCS Certified minimum of 23% recycled plastic*, using our innovative ReFlo Technology to reduce virgin plastic use without compromising on durability or performance.

ReFlo Technology uses high-quality post-industrial and post-consumer recycled plastics across the Numatic range.

Key Features & Benefits

Works Harder

High-efficiency TriTex filtration, a multi-surface ProFlo floor tool, a 12.5m hi-vis cable and a durable stainless steel tube set combine for reliable, professional results.

Lasts Longer

Engineered for the long haul, with robust commercial-grade construction and a motor designed and tested beyond industry standards, backed by a 3-Year Commercial Warranty.

Built Smarter

Made using SCS Certified minimum of 23% recycled plastic*, including accessories.

Advanced Filtration

Certified HEPA13 filtration captures particles down to 0.3 microns at 99.97% efficiency for cleaner, healthier environments.

Compact & Convenient

The extra-reach 12.5m cable, trouble-free rewind and on-board tool storage make day-to-day cleaning faster, easier and more organised.

Handy Cable Replacement

The NuCable system allows quick, straightforward cable changes, helping minimise downtime if the cable is damaged during use.

Product Features

Powerful Motor

Tested for a minimum of 1600 hours' continuous life, delivering powerful, efficient and long-life cleaning performance.

HEPA13 Filter Cartridge

Certified HEPA13 filtration down to 0.3 microns at 99.97% efficiency.

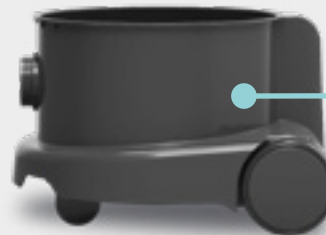

TriTex Filter

Traps fine dust within its high-efficiency, triple-layer membrane.

HepaFlo Filter Bag

3-layers of high-efficiency filter material and a unique self-seal tab to trap and retain fine dust during vacuuming and emptying.

Built to Last

Tested beyond industry standards and made using the highest quality recycled plastic, delivering performance you can trust from the UK's No.1 Commercial Vacuum Manufacturer.

Specifications

7.2L Capacity	420W Motor	8.3KG Weight
Power 230V AC 50/60Hz		Power Cord 12.5m
Suction H ₂ O 1750mm		Cleaning Range 31.4m
Dimensions (WxLxH) 360x370x390mm		Kit AS0

Core Unit Only - Minimum 66% Recycled Plastic
